MEET TO THE JUDGES' BOAT.

Stuck in the Mud, the Races De-
layed and the Officials Trans-
ferred to Another Craft.

Special to The Evening World.

NEWARK, N. J., July 14.—There was hardly a rifle on the Passaic course this morning. It is a fitting day for the chief rowing event of the East, and a more auspicious outlook could not be imagined than that which greeted the representatives of the more important boat clubs between Washington and Boston who were entered in the sixteen events on the programme of the Middle States regatta.

So many entries were received that it was necessary to divide things up, the preliminary and second trial heats being rowed in the morning, leaving all trials for the afternoon. Few of the fair sex attended the trials, but there were preparations for a host of them in the day.

The first boat, Golden Rule, carried a good cargo of officials, among them referee Walter Simon, Arlington H. C. Cambridge, Mass.; timekeepers, Conrad Behrens, Schuykill Navy; Claude R. Cameron, Abbotian B. C., Washington; J. D. Johnson, Marion, Ind.; A. S. Anderson, James B. Doyle, Crescent H. C.; Boston; Col. C. E. Eltonketer, Atlantic H. C., and Casper W. Whittemore, judge. The first boat to be rowed was by J. S. Albany, R. C.; J. O. Exley, Jr., Gray's Ferry B. C.; second; F. Coburn, Institute B. C.; Varian, Atlanta B. C.; third; C. Varian, Atlanta B. C.

Crescent got away first in the four-oared gig crew, and took a commanding lead. They rowed forty strokes to the minute, and at the half mile mark, they were still near the front line, when the Intermediates shot ahead and crossed, winning by one-half a boat length. The race was over.

The final junior singles was a four-sided battle between Exley, Hall, Coburn and Varian. Hall got off first, but soon lost his lead, and Exley spurted for the lead, but Hall held him safe without apparent effort. Coburn captured the place for a time, but Exley overhauled him and won.

An idea of the pace is conveyed by the time, which was 8.28.1/2.
